Omnicell Pharmacy Catalogue

2019/20

Your single provider for medication management.

With Omnicell, you can rely on us to address medication management from the hospital to the home. Our systems and solutions improve inventory management along with medication safety and adherence, helping you to improve your patient outcomes.

Formerly known as MTS Medication Technologies, Surgichem, MACH4 and Avantec, our businesses have now unified to form part of the global healthcare provider Omnicell. It is this growth that has enabled us to provide enhanced products and services to meet all your medication management needs.

We offer a 'total' solution available across a variety of healthcare settings, from custom-built robotic systems

and automated dispensing cabinets to medication adherence packaging, filling machines and eMAR.

This catalogue has been specifically developed to showcase our medication adherence packaging, solutions and technology range.

Our products help improve adherence for hospitals, pharmacies, care homes, domiciliary care workers and patients.

With a network of offices spanning the globe, Omnicell is one of the world's leading manufacturers of medication adherence packaging, solutions and technology.

Like you, we're committed to improving adherence and want to do all we can to make 'non-adherence' a thing of the past. For over 20 years, our mission has been to create new efficiencies that help improve patient care wherever it is delivered, from acute care hospitals to long-term care facilities to the home. With our medication adherence range and service created by pharmacists for pharmacists, our products make it easy for patients to take their medication correctly.

Our products range from simple-to-use adherence SureMed by Omnicell packs to sophisticated automated packaging

and dispensing technology, which can save you time and money.

We pride ourselves on the fact that our solutions make taking medicine easier for patients.

All our products have been developed to ensure patients get the right dose of the right pills at the right time. It's no wonder why we are the number one choice for most pharmacies.

We understand your business and take pride in delivering an individual service with those all-important personal touches. Please contact us if you'd like to discuss our products and services. We'd love to hear from you.

SureMed by Omnicell – quality you can trust.

- Our card and clear products are rigorously tested and carry the Class B quality standard.*
- This Class B standard means that Omnicell provides the safest packaging when it comes to the integrity and protection of repackaged drugs. It also guarantees SureMed by Omnicell are the lowest moisture permeable packs on the UK market.
- Without the right packaging, drugs can be damaged in transit or exposed to contaminants like moisture that limit their effectiveness.
- Don't take the risk – using cheaper medication adherence (MA) packaging could have worrying consequences for your patients' health and wellbeing.

SureMed by Omnicell card & clear packaging

- Weekly pill packs
- Monthly care packs
- Blisters

*Excludes SureMed by Omnicell weekly pill pack clear basic.

SureMed by Omnicell adherence packs will help your patients take the right pills and right dose at the right time. It will also save you time and money. Our SureMed by Omnicell packs include a range of sizes, so you can pack larger quantities of medication.

Our weekly pill packs are available in both a clear and card range so you can choose the solution that is best for you and your patients. We pride ourselves on the fact that our solutions make taking medicine easy. Each personal pack contains the right pills and dose, ready to take at the right time. Contact us today and we'll support you in your discussions with your customers.

RPET

Inspired by Care: We see ways to save the planet everyday

Pill packs and care packs - our card range

We provide a variety of different pill packs in our card range for pharmacies to offer. Our weekly pill packs are designed specifically for community patients and our monthly care packs are for use in care homes. We also offer our popular weekly flexi pack with simple tear and go doses, our weekly max pack for patients with more complex medication regimes and our monthly care pack book which is split into seven days of single dose over a four week period - ideal for care home patients. Whatever your requirements, we have a design to suit you and your patients. You can even put your own brand on our packs to promote your pharmacy and services to your customers. All our packs are excellent quality, easy to use and disposable.

- ✓ Produced by a British retail consortium accredited supplier

If you need advice on which blisters are right for you call us on +44 (0)161 413 5333.

Accessories for our card range

The following products should be used with our **card range** of weekly pill packs and monthly care packs.

To make sure you get the best from our pressure seal weekly pill packs and monthly care packs you will need to use a template and roller. Each box of weekly pill packs has a hard filling template inside which is fully recyclable. Rollers can be ordered and you can also order additional templates. To use the heat-seal pill pack you will need a paddle and an easy seal machine (see our technology section).

Templates

flexi

Hard Platen template for the pressure-seal weekly pill pack flexi.

Qty: 1 unit

Code: 584-69-MP

weekly pill pack

Hard Platen template for our pressure-seal weekly pill packs (excluding flexi).

Code: N64

Tray ID label

Qty: 100

Code: N61

Assembling your pack

Assembling the clear packs

1: Insert

Select a new empty blister tray. Stick the printed SureMed insert for pharmacy labels to the blister in the space provided in the clear tray lid. Place the correct patient medication labels on the instruction flap. Indicate the shape, colour etc. of medication under each label that is applied.

2: Dispensing

Select the appropriate medication, dispense the medication into the blister(s). For one tablet place this into the blister, if it is for two tablets then place both into the blister etc. When the blister is filled with the correct dosage of medication, the seal can be fixed to the blister.

3: Seal

Carefully peel the backing from the seal, starting from the top right hand corner. Position the seal over the cavities and lower into place. Gently smooth down with a roller to ensure the correct seal.

4: Close

When the cold seal is applied to the blister, this provides a moisture resistant seal. Be careful not to pierce any of the seal cavities. Close the clear tray lid and the pack is now complete.

- Do** - store the SureMed packs and blisters in their original boxes.
- Do** - store SureMed packs in a dry, indoor and air-conditioned environment.
- Do** - apply firm pressure to pressure seal items.
- Do** - advise the patient how to handle the pack.

- Don't** - allow the SureMed packs to become damp or wet before, during or after assembly.
- Don't** - fold or crease the SureMed packs except where intended along the score lines.

Storage advice

We want to make sure our products perform perfectly every time. We always recommend that our SureMed packs should be stored in their original packaging and in a dry environment. Storage temperatures should not exceed the range - 5°C to 37.5°C, be stored in direct sunlight, and should be kept away from sources of heat, and ignition. If stored properly, our products are expected to provide a quality performance for 24 months from date of production. Production dates are clearly printed on each box. It's important to rotate stock and check storage conditions meet this guidance. Please allow packs to reach room temperature before assembly (approx. 21°C).

Assembling the card packs

1: Peel

Remove the pressure sensitive liner from right to left to reveal the sealing surface. Put the card on the filling template (glue side up). The rest of the liner must be left attached to the foil side until you've completed dispensing.

2: Insert

Once the card is on the filling template, immediately insert the blister sheet into the card starting with the top row. Lower the rest of the sheet into the remaining holes. Apply the roller to ensure the blister sheet is securely held by the adhesive to the card.

3: Dispensing

Using the reverse side as a guide, fill the appropriate blister with the correct medication.

4: Remove Liner

Only when you are ready to seal the pack remove the pressure sensitive liner.

5: Fold

As soon as the liner is removed, fold the sealing surface to cover the filled blister.

6: Seal

Using the roller apply firm pressure to the whole surface to seal. Place the correct patient medication labels on the instruction flap. Indicate the shape, colour etc. of medication under each label that is applied. The SureMed by Omnicell pack is now complete.

TOP TIP:

For the perfect seal always place the filling template on a flat, even surface and remember to apply pressure using a roller!

If medication changes are needed, sealed packs can be corrected by using pill pack repair patches - see page 17.

1: Carefully pierce and remove the paper from the rear of the blister that needs to be changed.

2: Amend the medication and check as appropriate.

3: Carefully reseal the blister using a pill pack repair patch. The adhesive edge around the patch should be firmly pressed over the rear edge of the blister cavity to form a new seal. This enables medication changes to be made quickly before the pack is handed to the patient and without the need for new packs to be assembled.

Pill pack patches can be purchased from Omnicell and are available in packs of 200 patches.

SureMed by Omnicell
technology

- EasySeal
- DB500 de-blistering machine
- DB Compact
- Omnicell® VBM 200F
- Omnicell eMAR

At Omnicell we take health seriously, investing in technology to make life better and safer for the patient. We are passionate about improving the wellbeing of patients through pharmacy based services.

Led by a team of exceptional pharmacists, we consistently develop new and innovative solutions for our industry. This isn't just about saving time and money. It's about saving and improving the lives of your patients by providing the right pill and right dose at the right time.

It is this passion for patient care that continues to drive us forward. We've spent more than 20 years developing innovative automation to improve efficiency, patient safety and minimise the risk of hospital admission through non-adherence. Our technology saves time, money and lives.

EasySeal

The EasySeal is a revolution for heat-sealing compliance packaging.

It's pre-set digital controls, pressure indicator and electromagnetic lock; allow for a secure consistent seal to be achieved quickly and with minimal effort every time. Speeding up your pharmacy's workflow and ensuring a quality service for your customers.

OmniceII® VBM 200F

Automation for SureMed® adherence cards

Compatible with most UK pharmacy interfaces

The only automated pharmacy solution that efficiently and accurately fills and checks SureMed® adherence cards. Our filling machine ensures pharmacies have the competitive advantage to easily scale their business to improve adherence and patient outcomes today.

OmniceII VBM 200F is the named Pharmacy Product of the Year 2018 by the leading publication

Ask about our new product, Omnicell vMAR which is the advanced software integration of two existing Omnicell products - eMAR and VBM.

Benefits for your business and patients

- improved accuracy and reduced checking time
- ability to track and trace each medication packed
- identifies each drug packed
- adherence cards support patients to live better for longer - improving health outcomes
- small-footprint, ergonomic design that fits through a standard doorway
- ease of access for cleaning and maintenance
- extremely intuitive and easy-to-use interface

Increase your pharmacy's revenue and decrease your expenses

- free up staff time and reduce your operating costs
- process up to 40 sealed and audited cards per hour
- assemble more packs with less resource
- supports hub and spoke model to improve efficiency and reduce costs

Why choose a pill pack?

- Clear blisters make it easy for both pharmacists and patients to see the meds, easy to check for mistakes and any mistakes can be easily amended without having to re-do the full pack.
- Customisable to your brand.
- Blisters can accommodate a maximum of 15 pills and up to 14 unique medications per card, suitable for patients on complex medication regimes.
- Fully compatible with automated machines such as the VBM 200F.
- Cards can display coloured med images and coloured time passes. Instructions can be printed on cards to enhance ease-of-use.
- Different formats of packs are available to better meet the needs of the patient.

Code: 3301-47

SureMed by Omnicell VBM print direct to card

Consolidated label with full colour drug images and dosage instructions

Ability to include patient photo as well as details for improved safety.

MTS 350

Make pre-packing fast and effortless! The MTS 350 pre-packing machine provides the ideal solution for filling medium to large volumes of the same drug into monthly care packs.

Comprising of a medication filling system, linear workflow and sealing station. The MTS 350 can fill up to four single dose packs per minute. Its desktop design can be easily incorporated into your dispensary.

Qty: 1 unit

Code: B65-00-00-000

Omnicell **eMAR** uses patient specific barcoding, coupled with original packs or blister packaging, to automate the entire care home medication management and administration process, making it **safe**, **simple** and **compliant** for everyone involved.

As well as making the medication administration process more efficient, Omnicell eMAR also reduces medication administration errors, making the whole process safe, simple and compliant. CQC inspections are much easier with Omnicell eMAR, providing peace

of mind that all patient medication has been administered safely through easy to follow processes for all care home staff. An electronic medication audit trail verifies that everyone has received the right medication and dose at the right time, every time.

Are you looking for a safe, simple and compliant eMAR system?

Omnicell has many benefits for your pharmacy, including:

- ✓ Generating additional revenue by investing in Omnicell eMAR
- ✓ Locks care homes in for up to three years
- ✓ Integrates with your PMR or acts as a stand alone system
- ✓ Creates electronic interface with care homes - allowing the pharmacy to immediately detail any changes to prescriptions.
- ✓ Complies with NHS Digital IG Toolkit Supports compliance and CQC audit and guidelines

SureMed by Omnicell

robotic & automated dispensing systems

Omnicell RDX Essential

Automation that makes sure you have the right medication at the right time and in the right place within your pharmacy.

Omnicell RDX Essential is the smallest robotic dispensing system that Omnicell have in their portfolio. The system ensures the ongoing, seamless storage and safe dispensing of medication. Medication is sorted, stacked, stored and then picked by the robotic dispensing system reducing the risk of picking errors. This means no more grabbing items off a shelf that may have been put back in the wrong place when you are in a hurry or spending hours on operational tasks like managing stock rotation. This system offers many of the functions available on the larger robots but requires less space to improve your pharmacy workflow. The bespoke system offers automation with minimum manual input and can fit into any space or area in your pharmacy.

Key benefits for your pharmacy and patients

- **Pharmacy time saved and reinvested into patient care** – pharmacy staff no longer spend their time on operational and repetitive tasks like searching for medication, manual picking or managing stock rotation. The robot does these tasks for you.
- **Improved inventory control and savings** – the robot automation enables you to keep track of expiry dates, manage medication by FIFO and allows you to track slow moving items and eliminate waste. These practices will help your pharmacy save money.
- **Improved patient safety** – medication is sorted, stacked, stocked and picked by the robot. This eliminates the chance of human error and significantly reduces the chance of picking errors.
- **Improve workflow and efficiency** – the automation will allow you to dispense more and produce prescriptions faster, allowing you to increase revenue by investing more time in patient interactions and paid for consultations.
- **The robot can generate reports on stock and usage** – these reports can be produced in real time. No more stock counting is needed and stock can be ordered when required. This allows more time for you to spend with the patients to support and build relationships as well as to upsell other services.
- **The automation makes sure you have the right medication at the right time and in the right place within your pharmacy** – medicines are available immediately for dispensing and you can provide a faster, safer service to your customers. This in return improves customer satisfaction and long-term retention.
- **Purposely designed for smaller pharmacies** – RDX Essentials offers a very small footprint and requires less space in your pharmacy compared to other models. The RDX Essential is available in seven different lengths and three heights so there is a robot available to suit your pharmacy's needs.
- **Supports hub and spoke model to improve efficiency and reduce costs.**

The Omnicell RDX Essential offers many of the functions available on the larger robots but requires less space to improve your pharmacy workflow.

The Omnicell RDX Essential is available in seven different lengths and three different heights. Only the front of the RDX Essential needs to be accessible, the main body of the robot can be placed through a wall into any available space behind the pharmacy area.

The size of the robot is available to suit every location, workflow and your pharmacy's needs.

System and design implementation – we don't just sell you a system

Our team of experts will work closely with you to design lean processes. They will develop a solution which complements and supports your processes by ensuring you have the right systems in the right locations. They will also ensure that the system is easy to use yet effective so you can achieve the most from it and maximise your return on investment. Call us today for more information or to arrange a free survey at your pharmacy. Omnicell are also inviting pharmacies to visit the Customer Experience Centre at Omnicell's headquarters in Manchester to meet their team of experts and learn how Omnicell's automated solutions can help to improve patient safety and efficiencies.

Robotic dispensing systems

We provide modular-built automated robotic systems to ensure work processes are made shorter and simpler. Reduced inventories, reduced storage areas, and reduced handling costs are only a few examples of the numerous benefits our automated pharmacy dispensing systems have to offer. Our solution is a sophisticated modular system which can be adjusted to match the individual needs of your pharmacy.

Benefits of Omnicell pharmacy robotic systems:

- ✓ Improves safety by ensuring the right drug is dispensed
- ✓ Increases security of drug storage
- ✓ Increases staff efficiency by eliminating manual processes
- ✓ Delivers cost savings through improved inventory management

Our experts are available to discuss any requirements you may have for our bespoke automation and robotic systems. We would be happy to visit your pharmacy and explore options that could benefit you and your business, simply contact us on +44 (0) 161 413 5333 today for more information.

Visit www.omnicell.co.uk to find out more about our robotic dispensing systems.

Automated dispensing cabinets

Our inventory and medication management systems allow you to manage and control the usage of medicines and supplies throughout hospitals.

We offer a range of advanced but simple-to-use automated dispensing systems with drug-order integration. Each inventory management and dispensing system has been designed to control what is used, reduce stock levels and save staff time whilst enabling the hospital to improve patient safety, clinical governance and patient care.

Benefits of Omnicell automated medication cabinets:

- ✓ Eliminates mistakes caused by manual steps and workarounds
- ✓ Tracks medications throughout the hospital in real time
- ✓ Prevents drug diversion
- ✓ Improves inventory control and reduces costs
- ✓ Creates more efficient workflow processes

Terms and conditions

Omnicell Ltd

STANDARD TERMS & CONDITIONS FOR SUPPLY OF GOODS

These Conditions set out the terms on which Omnicell (“we” or “us”) have agreed to supply goods to the individual, firm or company to whom our quotation is addressed or whose order is accepted by us (“you”). By signing below you confirm that you have received a copy of these terms, and that you accept that they apply in the case of any order placed by you with Omnicell.

1. Definitions

“**Contract**” means any contract formed between you and us for the sale and supply of Goods and/or Services which shall comprise, our written specification/quotation/order acknowledgment, these Conditions and any other terms and conditions that we may bring to your attention.

“**Consumables**” means any packaging, labels, bags or similar goods or materials that are intended to be used and replaced which we supply to you.

“**Customised Goods**” means any Consumables that are specifically made to your specification.

“**Equipment**” means any heat sealing, pack filling, storage, de-blistering or similar equipment which we supply to you.

“**Goods**” means any Consumables, Equipment or other goods and materials we supply to you

“**Price**” means the price specified in our quotation or, if different, in our order acknowledgement.

“**Buying Group**” means a membership organisation with which we have previously negotiated and agreed trading terms and prices for the supply of Goods or Services which shall apply (subject to these Conditions) for the benefit of its members;

“**Representative**” an employee, agent, sub-contractor or authorised representative;

“**Services**” means any installation, support, maintenance, training or other services which we supply to you.

2. Orders and Acceptance

2.1 Each order or acceptance of a quotation for Goods and/or Services by you shall be deemed to be an offer by you to buy Goods and/or Services from us subject to these Conditions.

2.2 Subject to clause 2.3, we will not be bound by any different or additional terms or conditions or any variations to any Contract unless they are expressly accepted by us in writing.

2.3 If an order or acceptance of a quotation relates in whole or in part to Equipment and/or Services the Contract may be subject to additional terms and conditions which may be supplied to you together with our quotation.

2.4 No order or acceptance of a quotation shall be deemed to be accepted by us until we issue a written acknowledgement of the order or (if earlier) we deliver the Goods to you.

3. Delivery

3.1 We will deliver the Goods at the place agreed in writing or, if none, at your normal place of business.

3.2 We will use all reasonable endeavours to deliver: Consumables within 3 working days (Saturday, Sunday and UK bank holidays are not working days) or such other timescale as may be agreed with the customer in writing from time to time; and Equipment within the timescale indicated in our order acknowledgement. However time for delivery of the Goods shall not be of the essence and, accordingly, we accept no responsibility or liability in the event that we are unable for any reason to keep to any applicable timescale.

3.3 When delivery is to be made by instalments, each instalment shall be regarded as a separate Contract such that any defective or non-delivery in respect of any one or more instalments shall not entitle you to refuse to accept or pay for any other instalment or Contract.

3.4 We may suspend or cease delivery of Goods at our discretion if at any time you are in breach of your obligations under these Conditions or we have reason to believe that you may not be able to pay your debts as they fall due and in any such case we shall notify you in writing whereupon we shall have no further liability or obligation to you.

4. Short Deliveries & Defects

4.1 On delivery of Goods you will be asked to sign for receipt of the consignment. The quantity of any consignment of Goods as recorded by us upon despatch shall be conclusive evidence of the quantity received by you on delivery unless you can provide conclusive evidence proving the contrary.

4.2 Any discrepancies between those Goods delivered and those ordered, and any damaged Goods must be notified, to us by 5pm on the working day following the day of delivery. To do this please call our customer service line 0161 413 5333 and speak to the Sales Administrator or leave a message with relevant details of the problem on our answer phone at weekends or out of office hours. Should both parties agree it to be appropriate, we will then send you a damage report form, which you should complete and return to us by post.

4.3 You must provide us with a reasonable opportunity to inspect any damaged consignment and investigate any short delivery.

4.4 If you fail to give notice as specified in section 4.2 then, except in respect of any defect which is not one which would be apparent on reasonable inspection, the Goods shall conclusively be presumed to comply with our written specification/quotation/order acknowledgement and, accordingly, you shall be deemed to have accepted the delivery of the Goods in question and we shall have no liability to you with respect to that delivery (except in relation to liability for any latent defects).

4.5 If you properly reject any delivery of the Goods that do not comply with our written specification/quotation/order acknowledgement then provided that the Goods have been properly stored by you we will at our option either replace the Goods within a reasonable time or issue a credit note at the pro rata Price against any invoice raised for such Goods. We shall have no further liability in respect thereof. Provided that the defect arises solely as a result of faulty Goods delivered by us, any replacement shall be carried out free of charge.

5. Price and Payment Terms

5.1 Invoices shall be sent in relation to each Contract the day after the Goods are despatched and/or the Services are undertaken. You shall pay the Price in the manner and at the times mentioned in our order acknowledgement or, if there is no such manner or times mentioned, not later than 30 days after the end of the month in which the invoice was issued. Time for payment shall be of the essence.

5.2 The Price specified in any quotation shall be valid for a period of 30 days from the date stated on it following which we reserve the right to vary the Price and issue a revised quotation. The presentation of a revised quotation shall supersede any previous quotation relating to those Goods and/or Services.

5.3 Unless otherwise stated all Prices are exclusive of VAT and any other applicable taxes, duties, delivery and packaging charges, all of which amounts you shall pay in addition when paying for the Goods and/or Services.

5.4 Failure by you to pay the Price or any instalment thereof in due time shall entitle us to treat such failure as a repudiation of the Contract by you and require you to make immediate payment of all monies due or becoming due to us and to recover from you damages for such breach of contract and/or at our option to charge interest in accordance with section 5.7. Furthermore, we reserve the right to withdraw any discounts that we have agreed with you and charge our usual retail price in relation to those Goods and/or Services.

5.5 You shall make all payments due in full without any deduction whether by way of set-off, counterclaim, discount or otherwise.

5.6 We reserve the right at any time to withhold credit facilities or to limit the period of credit that we grant to you.

5.7 If payment is not made in full by the due date we may charge interest on the amount outstanding at the rate of 3% above Barclays Bank plc base rate applicable from time to time until payment is made in full.

5.8 We reserve the right to demand a non-refundable deposit payment in respect of any order you place. Where

such deposit is demanded, the order will not be processed and/or accepted by us until such deposit is received.

6. Buying Groups

6.1 If you are a member of a Buying Group or have previously agreed individual terms and prices with us prior to placing an order with us for Goods or Services we shall supply the Goods or the Services to you on those terms and prices.

6.2 If you are a member of more than one Buying Group we shall endeavour, without obligation or liability, to supply the Goods or the Services to you on the best terms and prices available at the time of ordering.

6.3 In the event that:

6.3.1 a discrepancy arises between any of the terms and prices of each of your Buying Groups; or

6.3.2 a discrepancy arises between any of the terms and prices of any of your Buying Groups and any of your previously agreed individual terms and prices; or

6.3.3 it is not possible at the time of placing an order to advise you or your Representative on what constitutes the best bargain for you,

we shall not accept any responsibility for the accuracy of any advice which we give to you or your Representative at the time of placing an order with us for Goods or Services in respect of which individually agreed or Buying Group's terms and prices represent the best bargain for you.

6.4 It shall remain your or your Representative's sole responsibility at the time of placing an order for Goods or Services to bring to our attention which individually negotiated or Buying Group's terms and prices shall be applied in respect of each type of Goods or Services ordered with us.

6.5 The terms and prices which are agreed between you or your Representative and us at the time of placing an order for Goods or Services shall be binding.

6.6 Once an order for Goods or Services has been placed and unconditionally accepted by us you shall not be entitled to receive any credit from us if you later wish to change the terms and pricing to those

of an alternate Buying Group or to your individually negotiated terms and pricing in respect of a particular type of Goods or Services.

7. Storage

7.1 If we are unable through circumstances beyond our control (including your refusal to accept delivery for any reason or your failure to give adequate instructions for delivery) to deliver the Goods risk in the Goods shall pass to you, the Goods shall be deemed to have been delivered and we shall be entitled to store the Goods or to arrange storage until actual delivery is made, whereupon you shall be liable for all related costs and expenses (including storage and insurance).

7.2 If you submit an order in respect of Customised Goods and we agree to delay delivery of all or part of those Customised Goods at your request:

7.2.1 risk in the entire order of Customised Goods shall pass to you on the earlier of:

- a) the date on which we send notification to you that the order is complete and available for delivery; or
- b) the date when the first consignment of Customised Goods in respect of the order is actually delivered to you;

7.2.2 all Customised Goods ordered shall be deemed to have been delivered on the date risk passes in accordance with clause 7.2.1, but we shall at your request store or arrange storage for all or part of Customised Goods until actual delivery is made, whereupon you shall be liable for all related costs and expenses (including storage and insurance);

7.2.3 we may defer issuing an invoice in respect of all or part of the Customised Goods ordered until actual delivery is made but we reserve the right to issue an invoice in respect of the entire order of Customised Goods at any time after the date risk passes in accordance with clause 7.2.1.

8. Warranties

8.1 You acknowledge that you rely on your own skill and judgment in determining the suitability of the Goods for any particular purpose. We give no assurances as to suitability of Goods. You are alone responsible for ensuring that the Goods are sufficient and suitable for your purpose save only

in so far as a person authorised to sign on our behalf has expressly agreed in writing that you may rely on our advice.

8.2 Subject to clauses 8.3 and 8.4, the Goods and/or Services shall be in accordance with any specification agreed in writing between you and us and shall be of satisfactory quality.

8.3 We reserve the right to alter the specification of our Goods from time to time. However, we shall notify you of any such changes and shall use reasonable endeavours to offer you a suitable replacement.

8.4 The dimensions of our Equipment are only approximate and may change, we give no warranty in respect of the dimensions and accept no liability in the event that the dimensions vary from those given in our quotation. Furthermore, we are continually developing and improving our Equipment and we reserve the right to supply you Equipment of a better specification than that which you ordered.

8.5 All warranties, conditions and other terms implied by statute or common law (save for conditions implied by section 12 of the Sale of Goods Act 1979) are, to the fullest extent permitted by law, excluded.

9. Title and Risk

9.1 Unless otherwise agreed in writing between the parties, title in the Goods will pass to you from the time they arrive at the place of delivery.

9.2 Unless otherwise agreed in writing between the parties, the Goods shall be at your risk as from the time they arrive at the place of delivery.

10. Cancellation of Order & Returns

10.1 Subject to clause 10.4 to 10.6 which are applicable in respect of Customised Goods only, you may cancel an order for all other Consumables at any time prior to the agreed delivery date. However, if you cancel within 48 hours of the agreed delivery date, we reserve the right to charge you for any reasonable costs and expenses we may have incurred in respect of your order.

10.2 Subject to the agreement with Omnicell customer service department (telephone number 0161 413 5333), Consumables, but excluding Customised Goods, that have been delivered and are no longer required or which

have been ordered in error may be accepted for return within seven days of the agreed delivery date. All items must be undamaged in their original containers, and in every respect unused and intact. Items shall be returned at your expense to such address and with such documentation as may be agreed with the Omnicell customer service department. A handling charge of 10% (or £5, whichever is the greater) is payable on each item returned.

10.3 We shall not be bound by any cancellation in respect of any Equipment unless you meet any cancellation deadlines that may have been specified or, if none are specified, then unless you notify us of such cancellation within a reasonable time before the agreed delivery date (taking into account the nature of the Equipment ordered and lead times). Any cancellation, otherwise than prior to any specified deadline, shall not affect your liability for payment in respect of the Equipment concerned.

10.4 We shall not be liable if you cancel any order for Customised Goods, further to our acceptance of such order, and you shall be and shall remain liable for payment in respect of those Customised Goods.

10.5 If you place an order with us for Customised Goods and, further to our acceptance of such order, you request and we agree that we shall manufacture and maintain an agreed volume or level of Customised Goods for your anticipated future orders, with such volumes or levels being based on historic ordering patterns or forecasts for expected use of the Customised Goods, as amended from time to time, you shall at all times be and shall remain liable for payment in respect of such back up stock of the Customised Goods.

10.6 You acknowledge and agree that if the volume or level of Customised Goods that you order from us significantly decreases to the extent that the previously agreed levels of back up stock of Customised Goods are not supplied to you, through no fault of our own, within 24 months after the date of production of the Customised Goods, we shall have the right to destroy such unused back-up stock of Customised Goods and invoice you for the same, which you acknowledge will no longer conform to the warranty

provided in clause 8.2 and you shall pay such invoice in accordance with these Conditions.

11. Liability

11.1 Save as set out in clause 4.5, the following provisions set out our entire financial liability (including liability for the acts or omissions of our employees, agents and sub-contractors) to you in respect of:

- any breach of these Conditions;
- any use made or resale by you of any of the Goods, or of any product made by or incorporating any of the Goods; and
- any representation, statement or tortious act or omission including negligence arising under or in connection with the Contract.

11.2 Nothing in these Conditions shall operate so as to exclude or restrict our liability for death or personal injury caused by reason of our negligence or that of our employees or agents.

11.3 Subject to clause 11.2, we shall not be liable for:

- any defect arising from wilful damage, negligence, failure to follow care instructions, abnormal working conditions, misuse or alteration;
- any Goods that have not been paid for by the due date;
- any defect that arises from any drawing, design or specification supplied by you; or
- any pure economic loss, loss of profit, business, revenues, anticipated savings or depletion of goodwill, in each case whether direct, indirect or consequential.

11.4 Subject to clause 11.2, our total liability to you whether in contract, tort (including negligence or breach of statutory duty), breach of third party rights or otherwise howsoever arising shall not in any event exceed the Price paid by you for the Goods and/or Services delivered or, in the case of liability which relates specifically to certain Goods or Services delivered, the Price paid by you for those Goods or Services.

11.5 Termination of any Contract for whatever reason shall not affect any rights or liabilities which have already accrued at the time of termination.

12. Force Majeure

12.1 We will not in any event be

responsible for any delay in or failure to perform any Contract which is caused by factors beyond our reasonable control including acts of God, acts of governmental or any other lawful authority, strike, lock-out, blockade or other industrial action, war, riot, civil commotion, flood, fire, lightning, explosion, epidemic, trade embargo or any other act or omission on the part of any third party or sub-contractor, interruption or shortage of diesel, petrol or other fuel for transport or any failure of electricity or other fuel or equipment ("Force Majeure").

12.2 In the event of Force Majeure, we will use reasonable endeavours to remove the cause and to renew performance as soon as practicable thereafter. However, in the event that the Force Majeure persists for more than one month either party may cancel the relevant Contract with no liability to the other.

13. Assignment and Entire Agreement

13.1 You may not assign any Contract in whole or in part without our prior written consent.

13.2 We may perform any Contract or part of a Contract ourselves or assign or sub-contract to any other company.

13.3 Each Contract sets out the entire agreement and understanding between us relating to the subject matter thereof and supersedes all prior discussions between us and all prior memoranda of intent or understanding and all previous documentation in relation to such subject matter. Any variation must be signed in writing by one of our properly authorised representatives.

14. General

14.1 Any waiver by either of us for any breach of, or default under, any of these Conditions shall not be effective unless confirmed by the waiving party in writing and shall not be deemed a waiver of any subsequent breach or default and shall in no way affect the other Conditions.

14.2 Each right and remedy hereunder is without prejudice to any other right or remedy which may be available pursuant to these Conditions or otherwise.

14.3 Each provision of these Conditions is distinct and severable from the others and if at any time one or more of such provisions is or becomes

invalid, unlawful or unenforceable (whether wholly or to any extent), the validity, lawfulness and enforceability of the remaining provisions (or the same provision to any other extent) shall not in any way be affected or impaired.

14.4 The parties do not intend that any Contract shall be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person that is not party to it.

15. Governing Law and Disputes

Any Contract between us shall be governed by and construed in accordance with English law and we both agree to submit to the exclusive jurisdiction of the English Courts as regards any claim or matter arising in respect thereof.

16. Notice

16.1 Any notice to be given under this agreement shall be in writing and shall be deemed duly given if left at or sent by first class recorded delivery, by e-mail or by fax, if it is sent by us to your last known address, e-mail address or fax number or if it is sent by you to:

2 Omega Drive
Riverbend Technology Centre
Irlam
Manchester
M44 5GR
0161 413 5333
ordersuk@omnicell.com

For customer service department, please post or telephone to same details above or email: ordersuk@omnicell.com
Opening Hours: Monday - Friday 9.00am - 5.00pm

16.2 Any notice sent by e-mail or fax shall be deemed to have been delivered on the day of its delivery or transmission or if such day is not a working day on the next following working day thereafter unless a notification of non-delivery is received. Any notice sent by recorded delivery shall be deemed to have been received seven (7) working days after despatch and in proving the fact of despatch it shall be sufficient to show that the envelope containing such notice was properly addressed stamped and posted.

We're here to help

Our dedicated customer service and sales team are committed to helping you find the right medication adherence solution that works for you, your pharmacy and your patients. Whether you want to grow your business or simply require some advice on our products, we're here to help.
